PROFILE

I am a passionate cybersecurity enthusiast with a focus on network security. My problem-solving skills have been developed through hands-on experience, including assisting customers with online banking security. I actively participate in Hack The Box challenges and am pursuing an ISC² certification to further my career as a network security professional.

WORK EXPERIENCE

DFCC Bank PLC [2023 - 2024]
Customer Support Assistant

- Assisted customers in creating online banking profiles and provided security advice to ensure safe usage of online banking services.
- Offered support to customers on safe online practices, password management, and account security.
- Worked in a marketing role while also contributing to the bank's cybersecurity initiatives by educating customers.
